

Tamilselvan R

AI Engineer

Trichy | +91 9363618007 | tamilselvanr2411@gmail.com | [GitHub](#) | [LinkedIn](#)

Objective

Motivated AI & Data Science Engineering student with a strong foundation in **Python, MySQL**, and cutting-edge technologies such as Computer Vision and **Natural Language Processing**. Recently completed an internship with TechShikSha and Microsoft, gaining hands-on experience in Document Intelligence and industry collaborations. Skilled in **problem-solving** and communication, with a proven ability to adapt and excel in dynamic environments.

Skills

Languages: Python, C++, Java (Basic), HTML, CSS, JavaScript

Frameworks & Libraries: Streamlit, Flask, TensorFlow, Keras, OpenCV, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn.

Databases: MySQL

Artificial Intelligence: Computer Vision, Natural Language Processing (NLP), Deep Learning, Machine Learning

Data Analytics & Tools: Document Intelligence (Azure AI), Data Processing, Power BI, Excel Version Control & Platforms: Git, GitHub, Microsoft Azure, Google Colab

Projects

AI Solutions for Real-World Problems – TechShikSha Project

Aug2024 – Sep 2024

- Applied Computer Vision and NLP techniques to address practical challenges.
- Worked as part of a team to develop a functional prototype using Document Intelligence tools.

Virtual Mouse Using Hand Gestures

- Built an AI-based virtual mouse that allows cursor control through hand gestures using Python and OpenCV
- Implemented MediaPipe for real-time hand tracking and gesture detection.

Internships

TechShikSha – Microsoft Internship Program

Aug2024 – Sep 2024

- Explored real-world applications of Computer Vision, Natural Language Processing (NLP), and Document Intelligence.
- Collaborated with mentors and industry experts to develop innovative AI-based solutions.
- Gained leadership and team collaboration skills through project execution and presentations.
- Successfully completed a Microsoft Industry Visit, gaining insights into corporate workflows and cutting-edge innovations.

Certifications

TechShikSha – Microsoft Internship Program.

- Focused on Computer Vision, Natural Language Processing (NLP), Document Intelligence, and Microsoft industry exposure.

Cyber Security and Ethical Hacking Bootcamp

- Hands-on training in network security, penetration testing, and ethical hacking fundamentals.

Document Intelligence – Microsoft Azure

- Completed training on implementing AI-powered document processing solutions using Azure AI services.

Generative AI – Bootcamp.

- Gained hands-on experience in building generative AI applications using Large Language Models (LLMs) and prompt engineering techniques.

Education

Bachelor of Technology in Artificial Intelligence & Data Science

Aug 2022 – Present

M.A.M College Of Engineering Anna University, Trichy.

CURRENT CGPA: 7.71/10.0

Higher Secondary – Maths and Science.

Jun 2021 – May 2022

SMH Higher Secondary School, Sirkali.

Percentage: 69.5%

Achievements

- Recognized for dedication and problem-solving skills during the TechShikSha – Microsoft Internship Program.
- Successfully completed a Microsoft Industry Visit, gaining insights into corporate workflows and cutting-edge innovations.

Declaration

I hereby declare that the above-mentioned information is true and correct to the best of my knowledge and belief.
